

3D MODELS

3D GEOMORPHOLOGICAL MODELS (GM I & II)

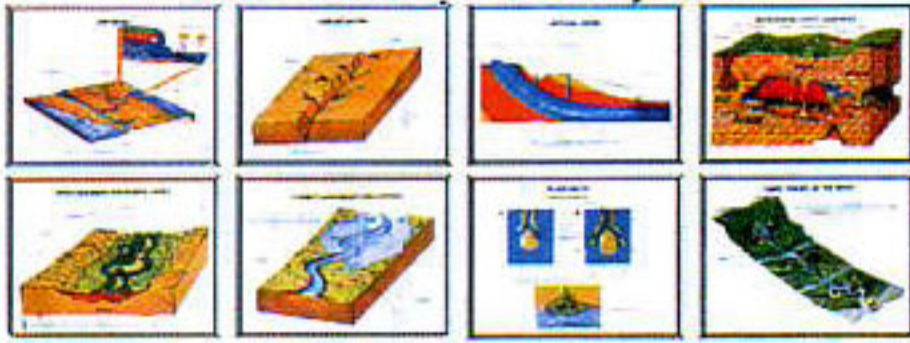

Each Set of 8 (Size : 25x35 cms)

Set of 8 Models with frame Rs. 2100/- per set

GM I (set of 8) RR054

(Supplied in sets only)

GM II (set of 8) RR055

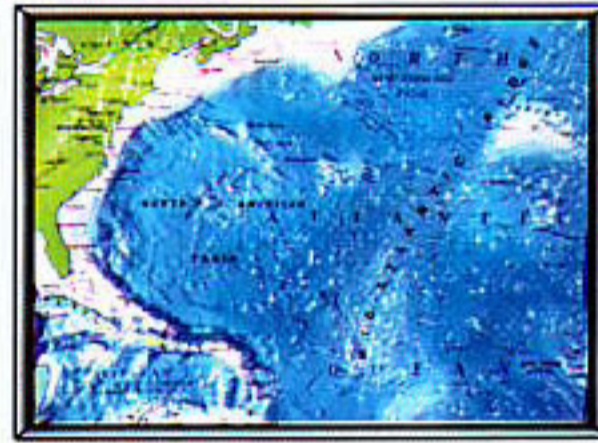

GM1 Water Fall
GM2 Gorge/Canyon
GM3 Rivers meanders
GM4 Flood Plain, Oxbow
& Natural Levees

Gm5 River Delta
GM6 Artesian Water
GM7 Depositional
GM8 Three Stages of
the Karst Land

GM 9 Sea Waves
GM10 Glaciers
GM11 Rift Valley
GM12 Ground Water

Gm13 Faults
GM14 Folds
GM15 Volcanoes
GM16 Action of Wind

3D GEOGRAPHICAL / GEOLOGICAL FIBRE GLASS RELIEF MODELS

RR056 ROCK CYCLE MODEL:
Display Demonstration-Project Model relates coastal and Mountains terrains in natural color relief plus cross section diagram of the substance of a typical volcano colors and pattern represent typical rock beds with lesson Plan. Size 60x45cms each Rs. 4500/-

RR057 OCEAN FEATURE MODEL :
Relief map North Atlantic Ocean shows typical portion of ocean floor. It is easy to identify all the major Ocean Features, complete with Lesson Plan. Size 45x60 cms each Rs. 4500/-

RR058 EARTH HISTORY MODEL: Model to assist learners at all levels in visualizing the changes that have occurred in the life of the Earth and also used to illustrate several important principles in geology. Size 45x60 cms each Rs. 4500/-

RR061 HYDROLOGICAL CYCLE MODEL:
The hydrological cycle describes the constant movement of water above, on and below the Earth's surface. each Rs. 4500/-

RR059 LAND FORM MODEL : For investigation of Geographical and geological Features eight Land form models join to form a continuous 3'x3' model and provide the Mountains, Lakes, Rivers, Deserts, Glaciers, Coastlines, Canyons and Cultural Point with Lesson Plan. Size 90x90 cms each Rs. 7250/-

RR060 COMPARATIVE TERRAIN MODEL : Set of 2 full color land form models each includes an overlay representing ancient mountain forms that can be removed and compared with the base model to show changes millions of year later. Cross section show basic mountain type, volcanic fault block, glaciated domes, and folded mountains includes lesson plan. Size 45x60 cms each Rs. 5050/-

RR062 ALPINE GLACIER MODEL : Consists of two parts heavy plastic overlay of mountains terrain in rock color with snow and ice mass in white, second model of the same terrain shows post glacial conditions. Size 45x60CMS each Rs. 5050/-
