

# 3D MODELS

## 3D RAISED RELIEF GEOGRAPHICAL/GEOLOGICAL MODELS BY

**RR101 RELIEF PLASTIC TOPOGRAPHICAL LAND FROM MAPS:** These raised relief maps have been specially selected to illustrate topographical development through rough variety of erosive and depositional agents. All the seven maps have been specially selected to show all types of land form features in actual relief (Set of 7)  
Size 86 x 52 **per set Rs. 16500/-**

**RR102 ALPINE GLACIER MODEL :** Consists of two parts heavy plastic overlay of mountains terrain in rock color with snow and ice mass in white, second model of the same terrain show post glacial conditions.

Size 45x60 cms (505) **per set Rs. 6600/-**

**RR103 MAP READING MODEL :** Teaches basic map reading how to determine location, elevation and understand scales and symbols. Each package includes a plastic terrain model with 5 corresponding stacking colour sheets.

Size 25x25x5 cms **per set Rs. 6600/-**

**RR104 PLANET MODEL:** This eye - caching 3D wall model is a great way to generate interest in the solar system. All eight planets are to scale respectively, and it even displays Saturn's ring! Approximate with hanging grommets molded into the plaque itself. An informative Teacher's Guide is included.

Size 60X90 cms **per set Rs. 13750/-**

**RR105 OCEAN FEATURES:** Relief Map of North Atlantic ocean shows typical portion of Ocean Floor. It is easy to identify all the major Ocean Features.

Size 45 x 60 cms (605) **per set Rs. 7260/-**

**RR106 LANDFORM MODEL:** For investigation of Geog / Geol Features. Land form Models join to form a continuous 3'x3' model and provide the Mountains, Lakes, Rivers, Deserts, Glaciers, Coastlines, Canyons and cultural point with lesson plan. (510)

**per set Rs. 13750/-**

**RR107 WEATHER MODEL:** This is basically a weather map shown in three dimension. It represents a typical warm front and cold front showing the early stage of a cyclonic storm development. The front surface is shown by a transparent plastic form with the cold front in blue and the warm front in red.

size 30x45 cms lesson plan **per set Rs. 7260/-**

**RR108 COMPARATIVE TERRAIN MODEL:** Set of 2 color land-form models Each includes and overlay representing ancient mountain form that can be removed & compared with the base model.

Size 45x60 cms **per set Rs. 7260/-**
